

WeRPN Excellence in Care of Older Ontarian Award

The Martha Award

Background: In dedication to Martha Thumlert, an older adult and an exceptional woman who died unnecessarily from a hospital acquired infection.

There are outstanding Registered Practical Nurses (RPNs) who work everywhere that health care is delivered to care for older Ontarians. Today over 17,000 RPNs employed in nursing in Ontario identify caring for older adults as their area of specialization.

This award celebrates the dedication of an RPN who provides exceptional care to our beloved older adults in a manner that is respectful, compassionate, professional and exemplifies nursing excellence. In particular, this award acknowledges a nurse who is focused on the improvement of safety and well-being of older Ontarians by demonstrating knowledge, innovation and leadership.

The recipient of the award will receive a \$500.00 scholarship and a one-year free WeRPN membership.

Each year the Awards Committee will review all nominations submitted and select one recipient for this award. The nominee must be:

- A member in good standing with the College of Nurses of Ontario and;
- An RPN who has contributed in a significant way, on an ongoing basis, to enhancing care of Older Ontarians.

Nominations will be evaluated according to the following:
