

WeRPNs 3rd Annual Research Symposium

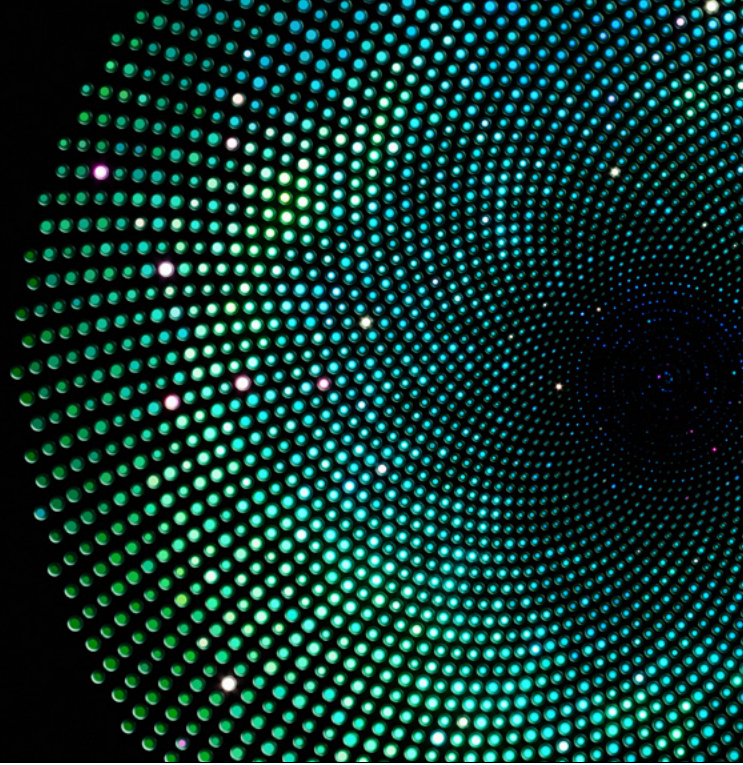

Shaping Practice *and Innovation*

Friday Nov 29, 2024

9am – 4pm

Humber College

205 Humber College Blvd, TO

Shaping Practice and Innovation is an **interactive, in-person event** that will explore research about the value of the RPN role, evidence-informed practice, and workforce planning and development.

Who should attend?

Nurses and nursing students

Learn how emerging research can enhance your nursing education and practice.

Researchers and educators

Share knowledge about trends affecting nursing, clinical, system services and client care.

Organizations and care partners

Gain insights into the impact and contributions of RPNs to facilitate workforce planning, care delivery and improved health outcomes.

Health system partners and decision-makers

Dig deep into studies that support policy decisions.

Presentation topics include:

- Optimizing the role of RPNs in the operating room
- The role of nurses in inpatient geriatric rehabilitation units
- Promoting resilience in home and community care
- Workplace retention frameworks to build capacity in long-term care
- Professional development and transition
- Writing RPN research fellowship proposals to lead, contribute and inspire opportunities and enable action

Refreshments and lunch will be provided.
